

## CWRP WEEKLY CONSTRUCTION PROGRESS REPORT

Week ending September 15, 2012

Work continued this week on the 1500 North segment. Work focused on the 42" PVC waterline installation beginning at 33+00.

Work also continued on the lowering of existing water services and the moving of meters into the park strip. Services and meters were lowered/moved at stations 53+60, 54+50, 55+25, 56+00, 56+80, and 57+75

Next week the installation of the 42" pipe line will continue. The contractor is also planning on lowering the remaining water service lines on the east end of the project and restoring utilities on the USU easement.

Relocation of Meter at Sta. 56+00
